

Z-Series Outswing 2" Extender

Product Update Date: September 2019

Product Summary

Endura Products has redesigned the Z-Series 2" Outswing Extender (ZPWOSXW). The revised product will be available effective immediately as part of a rolling change to deliver improved compatibility and simplified assembly.

REDESIGNED Z-SERIES 2" OUTSWING EXTENDER:

- **Easy-Snap Installation:** The updated extender profile delivers an easy snap-on installation, (which is especially valuable for sill lengths greater than 6/0).
- **Full-Length Caulking Surface**
- **Improved Fit with ZOB Cap:** The new design's height better aligns with the Z-Series Outswing Bumper Cap to combat water and weather infiltration from entering the interior of the home.

New ZOB Extender Design

Easy-snap installation

PRODUCT AVAILABILITY:

- All Z-Series Sills ordered with 2" Extenders installed will start to see the new design. This includes the following sizes:
 - 6-9/16"
 - 6-7/8"
 - 7-5/8"
 - 7-13/16"
- Loose extenders will continue to be foamed (shown below) until current inventory is depleted.

*New ZOB Extender Design
 Included on 7-5/8" Sill*

Foamed ZOB Extender Design

Thank you for your ongoing partnership. If you have any questions or concerns regarding any item covered in this update, or would like to discuss the extender in greater detail, please do not hesitate to contact your Endura Sales Representative or Territory Sales Manager.
